

# English as an Additional Language (EAL)

**Need help supporting newly arrived EAL children?**

**Are your learners struggling with academic language in the classroom?**

**Need resources to use in the classroom?**

**Are teachers confident in ensuring EAL learners reach their potential?**

**Unsure how to best assess EAL pupils?**

**Interested in Partnership teaching and planning with specialist EAL consultants?**

## We can help you ..

At Securing Success we offer bespoke training for our clients based on their unique and specific requirements. All our training programmes are designed to support whole school development through empowering teachers, support staff, NQT's and leaders to be fully equipped with the skills, knowledge and current national initiatives around children learning through EAL.

Our Consultants have a wealth of experience in EAL and are practitioners in schools, committed to raising attainment of ethnic minority learners through top quality training and support using practical tried and tested classroom strategies.

All training sessions are guaranteed to be interactive, collaborative and full of strategies to use immediately in the classroom. Sessions are tailor made and can be:

- Half day
- Full day
